OFFICE OF SECRETARY

February 1997

The Honorable Reed Hundt
Federal Communications Commission
1919 M Street, NW
Washington, D.C. 20554

Commissioner Hundt:

We are writing to urge the Federal Communications Commission to hold a public hearing as part of its review of the television industry's rating system.

The National Association for Family and Community Education and its affiliate, North Carolina Extension Homemakers Association, are grass-roots organizations which have been actively involved in family issues for the past 60 years. We are concerned that the family issue of the recently implemented television rating system does not address the needs of parents.

The questions generated by the current age-based television rating system deserve a public hearing. We urge you to hold such a hearing soon on this issue which is so important to families in America today.

Sincerely,

*We appreciate your attention
to this matter !!*
